

doc.tex

```
graph LR; A[doc.tex] --> B(LATEX); B --> C[doc.aux]
```

The diagram illustrates a workflow. On the left is a white rectangular box with a black border, divided horizontally. The top half contains the text 'doc.tex'. An arrow points from the right side of this box to a central rounded rectangular box with a black border containing the text 'LATEX'. Another arrow points from the right side of the 'LATEX' box to a gray rectangular box with a black border on the right. This gray box is also divided horizontally, with the top half containing the text 'doc.aux'.
